Finally...a fun, easy-to-use guide to potty training any child in just ONE DAY Just think, from the time babies are born until they are toilet trained, they use an average of 4,000 diapers! Potty Train Your Child in Just One Day is the helpful guide you've been waiting for to get your child out of diapers and turn the potentially terrifying process of toilet training into an effective and enjoyable bonding experience with your child. Teri guides parents to the successful one-day potty training of their child by teaching them how to:

• Look for the signs that your child is ready to be potty trained
• Make the potty connection by using a potty-training doll
• Create incentive through consistent positive reinforcement
• Use charts, quizzes, and checklists to help with every step of potty training
• Know when it's time to bring in a potty pinch hitter
• Complete your potty training -- no more accidents

Once Teri teaches you her techniques, she shares her secret -- potty parties!
She has carefully designed twelve imaginative themes for parties, such as a seriously silly circus, a cartoon character carnival, or a magic carpet express, and supplies parents with everything they will need. Teri has proven that a potty party day engages a child in potty training in a way that no other method has before -- by speaking a toddler's language. A party may translate to fun, games, cake, candy, presents, and prizes to a child, but with Teri's expertise, parents can use it as a tool to motivate their child to want to go to the bathroom -- and to keep on going. That's why it works in just one day!

Advises readers on teaching toddlers how to share, discussing coping strategies, common situations, and factors that affect sharing.

Welcome to the wonderful world of toddlers- As your toddler grows and explores the world, every day brings new adventures and bonding opportunities. The Playskool Guide to the Toddler Years, filled with caring advice from clinical psychologist Rebecca Rutledge, offers essential, practical information you need to know to ease your fears and parent with confidence! - Building imagination and learning through play - Easy guidelines for rules and discipline - Understanding the important cognitive, physical and emotional changes - Parenting yourself to maintain your sanity - Beginning potty training and getting ready for preschool - Traveling with your toddler - Socializing with siblings and making new
friends From sleep and teething to developing speech and language, The Playskool Guide to the Toddler Years is your indispensable, easy-to-understand guide to handling every aspect of your toddler's growing mind, busy body and emotional well-being.

Coming soon to Netflix When Baba Segi awoke with a bellyache for the sixth day in a row, he knew it was time to do something drastic about his fourth wife's childlessness. To the dismay of her ambitious mother, Bolanle marries into a polygamous family, where she is the fourth wife of a rich, rotund patriarch, Baba Segi. She is a graduate and therefore a great prize, but even graduates must produce children and her husband's persistent bellyache is a sign that things are not as they should be. She only wants to escape to a quiet life, but the others disapprove of the newest, youngest, cleverest addition to the family. Treated with respect by her husband, she is viewed with suspicion by her seniors - who fear she may unlock their well-guarded secret. Through the voices of Baba Segi and his four wives, Lola Shoneyin weaves a vibrant story of love, secrets and a family like every other - happy and unhappy, truthful and not, sometimes kind, sometimes competitive, always bound by blood, and the past.

For many years, scientists thought that the human brain simply decayed over time and its dying cells
led to memory slips, fuzzy logic, negative thinking, and even depression. But new research from neuroscientists and psychologists suggests that, in fact, the brain reorganizes, improves in important functions, and even helps us adopt a more optimistic outlook in middle age. Growth of white matter and brain connectors allow us to recognize patterns faster, make better judgments, and find unique solutions to problems. Scientists call these traits cognitive expertise and they reach their highest levels in middle age. In her impeccably researched book, science writer Barbara Strauch explores the latest findings that demonstrate, through the use of technology such as brain scans, that the middle-aged brain is more flexible and more capable than previously thought. For the first time, long-term studies show that our view of middle age has been misleading and incomplete. By detailing exactly the normal, healthy brain functions over time, Strauch also explains how its optimal processes can be maintained. Part scientific survey, part how-to guide, The Secret Life of the Grown-Up Brain is a fascinating glimpse at our surprisingly talented middle-aged minds. 

A "detective story" that delivers key insights for any businessperson asking the questions: who really are our customers, why do we lose them, how do we regain them? Customers can be a mystery. Despite the availability of more data than ever before,
everyone, from the CEO to salespeople in the field, struggles to understand who their customers really are, what they want, why they lose them, and how to regain them. To crack the case, start thinking like a market detective. David Scott Duncan shows how in his entertaining story of Tazza, a fictional chain of cafes with declining sales and leaders urgently seeking to understand why. The vivid characters of Tazza’s market detective force come to their aha moment when they finally understand why their most loyal customers walked out the door—and how they can get them back. The core of the Tazza story is a simple, powerful idea that upends how most businesses view their customers. Customers have “jobs to be done.” They “hire” companies to solve a problem or fulfill a need and “fire” them when unhappy. Duncan’s fresh way of thinking about how to understand your customers’ secret lives provides an innovative path for solving whatever market mysteries you face.

Exposes the hidden lives of such lesser-known figures as Princess Molly Coddle, Princess Miss Hap and Princess Anne Phibian, revealing where they live, what they whisper about and what sorts of pets they own.
Forget everything you thought you knew about how to motivate your child-at school and at home, or to simply get them to listen to you. The secret to good behavior and self-confidence, or even high performance, has little
to do with attention or talent. It lies mainly with what we repeatedly and regularly do. In today's fast-paced and turbulent world, what makes the biggest difference in terms of thriving and happiness for kids (and for parents) is essentially the craving for learning, creating new things on your own, and making sound decisions for yourself. And this emotional intelligence can be cultivated from an early age through repetitive and positive habits. While the old-fashioned carrot-and-stick approach worked successfully in the past, we now better prepare our children for the tumultuous environment we live in through powerful mental habits. We give them the tools to adjust to continuous change, not feel overwhelmed, respond calmly, and always find the motivation within themselves. You can teach your child to be more patient, more independent, and to take responsibility for their satisfaction, even as a toddler and without being lavish nor extremely severe in your parenting style. Unlock the power of routines for a greater family life, to raise responsible children, and to enjoy hassle-free days! A habit is defined by Wikipedia as a "settled or regular tendency or practice, especially one that is hard to give up." If you are like me and think that regular routines sound boring, but you are still struggling to get your children's needs to fit to your own lifestyle, not even mentioning finding time for what really matters in life, then this book might give you some framework on how to get your kids more self-sufficient and overall improve your family life. As human beings, we are extremely habit driven. Habits are a big deal. Your habits, or routines, become who you are. Psychologists agree this plays a
major role in our characters, especially when forming personality traits in early childhood. With positive habits you can help your child develop top qualities to take into their adult life. Positive habits can also help you as a parent to free up time and connect deeper with your child. It'll come easier and easier to have a fulfilled and happy day when you master a few spots in your day. Routines set limits with love and firmness and can put many activities on automatic mode. This, in return, will free up great chunks of time for bonding rather than spending on discipline. Choose and practice good habits and things will come easy for you and your family. Habits impact our success in just about everything we do, be it health, relationships, sports, school, or any activities. Say goodbye to constant arguing, raise confident and caring children who thrive, and have more fun in your parenting role. Inside the book, you'll discover: How children can amazingly become more cooperative and respectful and grow into extraordinary adults equipped with powerful mental tools for life; What a routine is (for instance, for a smooth, on-time morning) and how to successfully install it in your home within 30 days; How to break a bad habit without drama; Plenty of examples and daily life stories from our family with two young boys (ages two and five); And my favorite, most powerful habits (hint: my secret pause button). Get ready for radical family life changes. Free Bonus The books come with printable visual charts for creating your own routines. Don't forget to download them. Grab your copy and immediately apply those tips to develop listening children and enjoy your family time. Tags: parenting skills, powerful habits,

A friendship turns sour when one of four women reveals the lives of her friends in her bestseller; however, a rafting trip to save their unraveling friendship becomes a test of physical and emotional endurance.
When it comes to raising kids, there is no owner’s manual. You have to figure it out as you go. As a new parent it is easy to feel overwhelmed and wonder if you are doing things right or are you going to scar your kid for life if you feed him his sweet fruity baby food before you have introduced his bland vegetables. Will it give him a sweet tooth like your nosy neighbor insists it will? And what about potty training? What’s the secret to getting your daughter to give up diapers? This book will answer these questions along with many others that many parents wonder about. It also has home remedies to keep you out of the doctor’s office, ways to sneak vegetables in to your child’s stomach when they are the pickiest eaters in your neighborhood, discipline strategies for sticky situations and some funny and touching stories about real life infants and toddlers. It even includes two recipes from the very popular “Sneaky Chef” cookbooks by Missy Chase Lapine. This book will offer creative solutions to the challenges you will face as a parent. So quit wondering about what you should do, get a creative answer and have a good laugh all at the same time, with “How to Raise a Happy, Healthy Child from Birth to Age Five”. About the Expert

Page 8/22
Sara Dean lives in West Virginia with her husband, her two kids and all of the stray animals that her kids keep bringing home. She spends her days with her two younger sisters. The first was born when she was fifteen and the second was born when she was twenty. By the time she had had own children, she already had plenty of experience with kids. Along with writing non-fiction, Sara is also the author of three children’s books and one young adult fiction book. You can check out all of her books by looking up her name at www.amazon.com.

HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

A riveting exposé of child abuse in America and how the newest breed of pediatricians determines what happened, why, and at whose hands. • Explains how signs of abuse can be missed by professionals, community members, and even family members • Includes interviews and insights from more than two dozen child abuse pediatricians • Addresses physical, sexual, and emotional abuse, including abuse by neglect and abuse due to Munchausen syndrome by proxy • Details how cases can go wrong in court rooms when confusion by defense attorneys overpowers evidence brought to court by child abuse pediatricians • Offers ideas for stemming the tide of child abuse

Each simple guide offers a clear overview of all the information one needs to know about a particular topic, making learning something new easy, accessible, practical and affordable.

A Golden Book adaptation of the movie about "the lives our pets lead after we leave for work or school each
Suburbia is a jungle, filled with lots of vicious creatures. Take the Paradise Heights Women’s League board. Lyssa Harper should have warned golden-haired DILF du jour Harry Wilder what he was getting into when she invited him to meet the mommies who run their suburban, gated community. At least he brought cupcakes. Since meeting the former Master-of-the-Universe turned stay-at-home single dad, Lyssa has been his domestic Sherpa, teaching him the ins and outs of suburban life. She just didn’t realize her friends would show up at his house unannounced with casseroles, leopard-print bikini briefs, and plans to rearrange his kitchen cabinets. The truth is, if Harry and his wife, the neighborhood’s “perfect couple,” can call it quits, what does that mean for everyone else? Lyssa’s husband, Ted, is a great father, but he pays her Pilates-pumped momtourage more attention than he does his own wife. Her friends gossip about the neighbors while ignoring their own problems: infertility, infidelity, and eating disorders. When Harry sets boundaries with his new fan club, he is exiled from the neighborhood’s in-clique. But Lyssa refuses to snub him. What she never expects is the explosive impact her ongoing friendship with Harry will have on her close-knit pals—and on her marriage. Reexperience the whole story of The Secret Life of Pets 2—in theaters June 7, 2019—with The Secret Life of Pets 2: The Junior Novelization! The Secret Life of Pets 2: The Junior Novelization retells the whole story of Max, Gidget, Duke, and all of the pet co-stars. This paperback edition features eight pages of full-color images from the
movie, and is a great read for boys and girls ages 8 and up. The Secret Life of Pets 2 picks up where the summer 2016 blockbuster--about the lives our pets lead after we leave for work or school each day--left off. The film will see the return of writer Brian Lynch (Minions) and director Chris Renaud (The Secret Life of Pets, Despicable Me series, Dr. Seuss' The Lorax).

If you thought unicorns were imaginary, think again. Anatomy, evolution, life cycle, magical properties: prepare to learn just how much you didn't know about these fantastic, magical equines. A full encyclopedia of all things unicorns--an upgrade for fans of My Little Pony and fun for kids who love magic. Meet species from the fjords of the north to the unforgiving deserts of the equator as you discover the wonders of this enchanting creature from past to present.

This book addresses the difficult conditions researchers may face in the field and provides lessons in how to navigate the various social, political, economic, health, and environmental challenges involved in fieldwork. It also sheds important light on aspects often considered "secret" or taboo. From anthropologists just starting out to those with over forty years in the field, these researchers offer the benefit of their experience conducting research in diverse cultures around the world. The contributions combine engaging personal narrative with consideration of theory and methods. The volume emphasizes how being adaptable, and aware, of the many risks and rewards of ethnographic research can help foster success in quantitative and qualitative data collection.

This is a valuable resource for students of anthropological methods and those about to embark on fieldwork for the first time.

The prospect of bringing a new baby home when you already have a toddler can be extremely daunting. Life with a
newborn baby is tiring and challenging enough but with a demanding elder brother or sister to deal with too, how do you cope? Written in the same reassuring, accessible style as her best-selling The Contented Little Baby Book, The Contented Baby with Toddler Book is full of practical tips and sanguine advice that will calm and reassure all panicked parents. A major feature of the book is the adaptable routines, specifically designed to help you structure your day and meet all the needs of your toddler and your new baby... and still have time for lots of cuddles. By using Gina’s easy-to-follow methods not only will you have a contented baby who feeds regularly and sleeps through the night from an early age, but also a happy, involved toddler who remains calm and co-operative during this unsettled time.

In the tradition of Fast Food Nation and The Omnivore’s Dilemma, an extraordinary investigation into the human lives at the heart of the American grocery store What does it take to run the American supermarket? How do products get to shelves? Who sets the price? And who suffers the consequences of increased convenience and efficiency? In this alarming exposé, author Benjamin Lorr pulls back the curtain on this highly secretive industry. Combining deep sourcing, immersive reporting, and compulsively readable prose, Lorr leads a wild investigation in which we learn: • The secrets of Trader Joe’s success from Trader Joe himself • Why truckers call their job “sharecropping on wheels” • What it takes for a product to earn certification labels like “organic” and “fair trade” • The struggles entrepreneurs face as they fight for shelf space, including essential tips, tricks, and traps for any new food business • The truth behind the alarming slave trade in the shrimp industry The result is a page-turning portrait of an industry in flux, filled with the passion, ingenuity, and exploitation required to make this everyday miracle continue to function. The product of five years of research
and hundreds of interviews across every level of the industry, The Secret Life of Groceries delivers powerful social commentary on the inherently American quest for more and the social costs therein.

Cotillion: A formal gathering of bright young women on the verge of entering adulthood, the society pages, and prospective high-tax-bracket marriages. Think a Civil War reenactment with crisp, clean white dresses. Catfight: An impromptu gathering of not-so-young women on the verge of losing their cool. Think a cotillion with hair-pulling. It’s been more than a year since the Kudzu Debutantes exacted sweet, merciless revenge on their cheating husbands, but the repercussions are still palpable throughout Ithaca, Georgia: Nita is anxiously preparing herself for marriage to Jimmy Lee, a man thirteen years her junior; Lavonne, despite having dropped her husband—and eighty pounds—and launched her own business, longs for love; and while Eadie remains married to Trevor, she feels more neglected than ever. So the occasion of Nita’s second wedding seems like just the ticket to cheer up the disconsolate Debs. But they’ve made a formidable enemy in Virginia Broadwell, first lady of Ithaca and the bride’s ex-mother-in-law. Hell-bent on vengeance and determined to restore old-school social mores, Virginia hatches a plan so devious it makes her pedicured toes curl in anticipation. Soon enough, the women are knocked for a loop—but you can keep a Kudzu Debutante down for only so long. The one thing stronger than Virginia’s wrath is the bond between the three friends, who soon learn that one of Virginia’s Jimmy Choos contains an irresistible Achilles’ heel. With spirit, wit, and down-home gumption, the take-no-prisoners trio decides it’s time to ditch their cotillion manners as they rally to save Nita’s marriage, Lavone’s business, Eadie’s sanity... and the honor of Kudzu Debs the world over. Packed with authentic Southern flavor and characters
as colorful as an azalea in full bloom, The Secret Lives of the Kudzu Debutantes serves up stinging one-liners and earthy wisdom in equal measure.

This gorgeous and lyrical picture book follows a year in the life of a red fox named Vixen. Kids will learn about a common backyard neighbor as they read how Vixen finds food, hunts, escapes threats, finds a mate, and raises her kits—all the way to the day that she and her mate watch their kits head off to lead their own secret lives. Stunning, realistic illustrations celebrate the beauty of these mysterious creatures as readers learn important facts through an engaging and fascinating story. The book also includes back matter with more in-depth information, a glossary, and further resources.

The Secret Lives of Saints paints a troubling portrait of an extreme religious sect. These zealous believers impose severe and often violent restrictions on women, deprive children of education and opt instead to school them in the tenets of their faith, defy the law and move freely and secretly over international borders. They punish dissent with violence and even death. No, this sect is not the Taliban, but North America's fundamentalist Mormons. Daphne Bramham explores the history and ideas of this surprisingly resilient and insular society, asking the questions that surround its continued existence and telling the stories of the men and women whose lives are so entwined with it—both the leaders and the victims.

Your toddler has a meltdown in the middle of a store Your two-year-old is terrified to go to bed at night Your three-year-old refuses to sit on the potty When you're in the middle of a parenting emergency, you need answers fast. Luckily, this guide is the ultimate resource for time-strapped moms who need help--now! Inside, you'll find valuable information to relieve any "mommy moment," such as: Potty-training and bed-wetting Diffusing bad behaviors in public Encouraging
socialization Proper nutrition and recipes for easy-to-prepare meals and take-along snacks Getting your child to sleep This handy guide also features more than fifty quick activities you can use to curb an impeding tantrum or entertain little ones when you're on the go. Packed with guidance ranging from how to stop hitting to helping ease separation anxiety, this portable go-to provides answers for any parenting problem! We all know that kids say the funniest things, but do we know why? The Secret Life of 4, 5 and 6 Year Olds has quickly become must-see television, as each week we are given access to the hidden world of children when adults aren't around. Since the first episode was broadcast, over a hundred children have been featured and their tears, tantrums and laughter have provided the best drama on television. In this official companion to the award-winning Channel 4 show, written by Executive Producer, Teresa Watkins and neuroscientist Paul Howard-Jones, we relive some of its funniest, most touching moments and explore what's going on in the heads of little people when big people aren't around. It turns out that we can learn a huge amount from them. Full of amazing moments, sharp insights and fascinating science and full of beautiful photography, this is a celebration of the extraordinary lives of children and a reminder that we are all closely connected to our four-year-old selves.

Focuses on the human cost of war to the combatants, to civilians and to the author, as one who bears witness. This book features various
encounters that include a visit to the bombed and abandoned home of Mullah Omar; and a deserted Al Qaeda camp where the author discovers documents describing a plan to bomb London. Unflinching and exquisitely written, The Secret Life of War goes beyond classic reportage: it is a deeply personal and defining vision of the inner, secret nature of modern war.

An educational psychologist and family therapist draws on his own experiences as a dyslexic to help parents understand their own dyslexic child and their fears, frustrations, and goals, explaining how to help alleviate children's pain with the help of special exercises designed to stimulate a child's ability to think and helpful advice on dealing with dyslexia in a positive way. 17,500 first printing.

You’ve made it! Your baby has turned one! Now the real fun begins. From temper tantrums to toilet training, raising a toddler brings its own set of challenges and questions — and Toddler 411 has the answers. Following on the heels of the best-seller Baby 411, Toddler 411 bottles the wisdom of parents who’ve “been there, done that” . . . and combines it with solid medical advice from an award-winning pediatrician. Inside, you’ll learn: • The truth about The Terrible Twos—and how to raise a well-behaved child without going insane. • Picky Eaters—learn how to cope . . . and convince your child to eat something besides Goldfish crackers. • Toilet train your toddler
in just one day. No, that’s not a typo—learn the Zen of Toilet Training, when to start and how to make it work. • What’s normal—and what’s not when it comes to your toddler’s growth and development. Spot the early clues for autism and other red flags. • Simple steps and smart advice to avoid environmental hazards. The most up-to-date, evidence-based health info for you and your toddler! This new 5th edition is revised and expanded with new content: 1. Cow's milk and dairy alternatives Safety, health and nutritional needs. 2. Picky Eater Primer More tricks and tips for dealing with picky eaters! 3. Food allergies on the rise. A special section on food allergies and gluten sensitivities. 4. Preschools:When to go, why to go! • Where do our thoughts come from? • How can we manipulate our dreams? • What is the role of the unconscious? • How do we make choices and trust the judgement of both others and ourselves? These are some of the questions in this groundbreaking, personal and comprehensive guide into understanding our thoughts. The toddler years are a wondrous time of exploration and independence. A time when your little one begins to stretch his wings and test his boundaries. If you're prepared, you can enjoy the toddler years with ease and confidence. All you need is a little direction to change these often trying years into terrific memories. Filled with practical advice and sound
strategies, this guide tells you how to: Prepare great meals your toddler will actually sit still for and eat Handle tantrums Toddler-proof a home Get your toddler on a regular sleep schedule You'll also get tips on handling technology and toddlers, a slew of activities to build brainpower, and recipes that help keep toddlers performing at their best. You no longer have to worry about the toddler years--with this helpful guide, you can have a happy, well-adjusted, and terrific toddler!

This work gathers together the wisdom of animal behaviourists, veterinarians, and other dog experts to explain why dogs behave in the way that they do. It includes real-life stories of dogs who engaged in very strange behaviour.

This book storyline is about one Snowy Christmas Eve in a Toy Store, where toys live secret lives with their own secret wishes. Universal, in its charm, this story shows a child's wonder at a new world and the hope of capturing and keeping that wonder forever. If you're looking for beautiful children's books this festive season, you have found this classic true Christmas spirit story for every child.* The touching celebration of the child's unique relationship with his favorite toy is told in gentle rhyme by Roman Markus. * Charming illustrations bring the story of this beautiful picture book to life. * Babies and toddlers will love a group of adorable little cats twirling and playing in the snow and many beautiful
and charming toys.* This book teaches kids lessons in compassion and kindness, appreciating their toys, and having special relationships with them. They learn that honest wishes made from the heart do come true.* The picture book is full of loveable characters, playful rhymes, and beautiful illustrations.* This is a great bedtime story that will help children as they prepare to go to sleep. It will have kids nodding off to dreams of their favorite toy coming alive and their heart's wish come true.* With the colorful and vibrant illustrations, you can 'read' the book by looking at the pictures.* Being a Festive season this book will enable you to get into the Christmas spirit. If I could keep you little, I'd keep you close to me. But then I'd miss you growing into who you're meant to be! If I Could Keep You Little speaks straight to every parent's heart, exploring the powerful feeling of wanting your child to grow up while savoring every moment. Sure to become a new favorite, this book showcases author/illustrator Marianne Richmond's ability to beautifully illustrate the complex emotions we all have.

Draws on interviews with dozens of women who have remained married in spite of high divorce rates, revealing the agreements they share with their partners to keep their marriages strong and describing how each profiled woman maintains an independent identity. By the author of the best-selling Surrendering to Marriage. 40,000 first
Explores the challenges of coping with the modern family and presents a technique designed to help parents deal with issues ranging from tantrums and back talk to sibling rivalry and school.

An irresistible photographic story featuring wild squirrels in homemade miniature domestic settings -- taking a bath, doing laundry, and barbecuing -- will surprise and amuse readers and animal lovers of all ages! Adorable squirrels as you've never seen them! You may think you know what squirrels do all day...but Mr. Peanuts is no ordinary squirrel. Instead of climbing tress, he plays the piano. ("Moonlight Sonutta" is his favorite.) Instead of scurrying through the woods, he reads books (such as A Tail of Two Cities). But everything is more fun with company, so Mr. Peanuts writes a letter to Cousin Squirrel and invites him for a visit! Featuring candid photographs of wild squirrels in handcrafted, homemade miniature settings, this irresistible book is sure to delight readers young and old!

Klein argues that adult success is often established in the developmental preschool years. She shares advice for parents on how to promote such success-driving positive attributes as resilience, self-regulation, and empathy.

Why do they rub food in their hair? Why do they want to hear the same book over and over? Why do they love being naked? Between the ages of one
and three, children can be delightful, affectionate, intelligent explorers of their newfound world. They can also be holy terrors. Grounded in up-to-date research, The Secret Lives of Toddlers demystifies 52 common behaviors of toddlers, while helping parents appreciate the miraculous development of their children. An entertaining, reassuring guide to toddler behavior, this book shows parents how to get through their kids' toddlerhood with affection, humor, and authority. With explanations from pediatricians, child development experts, and behavioral psychologists, parents will learn to:

- Understand the world from a child's point of view
- Learn which bad behaviors need intervention and which can be ignored
- Cultivate good manners and reward good behavior
- Reduce their own frustration
- Play, speak, read, and interact with their toddler in healthy ways

Cool Stuff Your Parents Never Told You About Parenting is written by an early childhood education expert who is a mother, a kindergarten teacher trainer, an early childhood educator and a kindergarten curriculum developer. It provides parents with in-depth understanding on how and why children learn, think and behave so differently from us, so that parents can help their children develop the necessary skills required for meeting the demands of the 21st century. This book has a unique combination of research findings, underlying
principles, step-by-step guide and practical suggestions to some contemporary issues such as how parents can enhance their children's intelligence from infancy, selecting good quality early childhood education programs, promoting creativity and character development and dealing with over exposure to the screen culture. Specifically designed for parents, teachers, childcare workers, nannies, grandparents, parents-to-be and all those who are passionate about young children aged from zero to eight years, this book will help them understand the true nature of young children and work with them effectively.
